Co-sponsored by the Center for  
Public Interest Advocacy and Collaboration

The Daynard Public Interest Visiting Fellows Program brings distinguished public interest practitioners to campus each academic year for a three-day visit. The fellows serve as role models for students, demonstrating how legal skills can be used effectively and creatively to make the world a better place. This vibrant program was established in 2004 through the generosity of Professor Richard A. Daynard, president of the law school's Public Health Advocacy Institute, and his wife, Carol Iskols Daynard.
